EDUCATION

M.Sc in Digital Business and Innovation

April 2026 - Present

Tokyo International University

B.Sc in Computer Science and Engineering

June 2020 - May 2024

East West University

- Graduated with a cumulative GPA of 3.51 out of 4.00
- Concentrations in Artificial Intelligence and Software Engineering .

LANGUAGES & PROFICIENCY

- English - IELTS 6.5 Overall (Speaking 7.0, Listening 7.0, Reading 6.5, Writing 6.0)
- Japanese - JLPT N4 Level

PROFESSIONAL EXPERIENCE

Project 2morrow Software Ltd. | Junior Software Engineer

July 2025 - March 2026

Project - Loan Back | *Spring Boot , PostgreSQL , Redis , JobRunr , Spring Batch*

- Designed and implemented a JobRunr based Scheduler module to manage flexible job scheduling.
- Built a Spring Batch & Redis based data pipeline that fetches 100K+ records from third-party API and asynchronously processes them via parallel queue-based workers, driving a 30% boost in performance.
- Integrated third-party APIs for automated notification and bot call functionalities.
- Established integration with the Core Banking System (CBS) to ensure scheduling based data synchronization .
- Implemented a dynamic role and menu management system with Redis caching, strengthening access control and authorization while improving system performance by 20%.

Red Dot Digital Ltd. | Assistant Software Engineer

May 2024 - July 2025

Project- TeleCash & Lenden : Mobile Financial Services | *Spring Boot , PostgreSQL , Redis , Kafka*

- Optimized and integrated microservices into a unified module for single-channel user authentication .
- Developed a hybrid KYC (Know Your Customer) process for efficient identity verification.
- Implemented an end-to-end identity validation process via Election Commission server callbacks, utilizing OCR for NID verification and facial recognition.
- Implemented E-Money distribution channel module per business requirements.
- Integrated Bangla QR payment channel, enabling unified transactions over MFS , Banking Applications.
- Replaced Eureka client-side service discovery with Kubernetes environment based service communication and load balancing in the microservices environment.
- Built a centralized MFS transaction reporting module for Bangladesh Bank inspections.
- Built a dynamic batch user onboarding module incorporating the Fineract core banking platform with bulk user screening.
- Debugged and resolved several production-level bugs across microservices and payment workflows.

RESEARCH & PUBLICATIONS

- **Identifying Complicated Appendicitis Conditions in Ultrasound Images Using Transfer Learning Approaches and Web Application Integration.**

Undergraduate Thesis, East West University, 2024

- **Enhanced Nano-Scale Material Property Prediction in Li- Ion Batteries with Stacked Ensemble Machine Learning Models**

ICDMIS 2024. https://doi.org/10.1007/978-981-96-6046-9_24

- **Deep Learning Models for Classification of Red Blood Cells in Microscopy Images for Anemia Diagnosis.**

IEEE COMPAS 2024. DOI: [10.1109/COMPAS60761.2024.10797203](https://doi.org/10.1109/COMPAS60761.2024.10797203)

TECHNICAL SKILLS

- **Programming Language :** Java , C++ , C , R , Python , JavaScript
- **Web Frameworks & Tools:** Spring Boot, Kafka, Web Socket, ReactJS, Node JS, Express JS
- **Machine Learning Libraries :** TensorFlow , Keras , Open CV , Pandas
- **Database Management :** MySQL, PostgreSQL , MongoDB, Redis
- **DevOps :** Docker , CI/CD Pipeline
- **Tools and Others :** Git, GitHub, Linux

COMPETITIVE PROGRAMMING

- CodeForces: Solved 900+ Problems, CodeChef: Solved 100+ problems. Atcoder, Uva: Solved 200+
- Total Solved **1500+** problems across several online judges. Solved 100+ DSA problems on Leetcode, GFG
- Participated in 100+ online contests and 15+ onsite contests including ICPC regional preliminary rounds

COMPETITIONS & ACHIEVEMENT

- Monbukagakusho Honors Scholarship for Privately-Financed International Students
 - Issued by Japan Student Services Organization (JASSO) · May 2026
- Blockchain Olympiad Bangladesh 2024 (Finalist)
- NASA Space App Challenge 2024 (Onsite Participant, Ranked within the top 50 teams)
- EWU IEEE Day Programming Contest 2022 , East West University (**Champion**)
- EWU Kick Off Contest Summer 2021, East West University (**2nd runner up**)
- In House Programming Battle Spring 2021, East West University (**2nd runner up**)
